John Barlow on Trial in Moose Jaw
On Charge.

Moose Jaw, Nov. 15.—John W. Moore, living in the Supreme Court to-day on the charge of attempting to murder Joshua Annabel, a prominent attorney here, is the first accused in the case. William Grayson is the prosecuting attorney, and Mr. Willoughby is the defense lawyer. He stated as the first witness that he had seen the accused the previous night, September 6th after eating wheat at the Moose Jaw hotel. He was then seen in the morning at the hotel, preparing the meal which was consumed. When they sat down to eat, the accused was suffering from a severe attack of sickness. When the witness returned the tea he found it to contain a quantity of arsenic. He then threw it out and went out to water the garden. He then saw that some food that he had to serve was also contaminated. The light also was not clear. He tried to get the accused to give up the case, but was forced to give up the case. He then called into the city and was arrested by Dr. McCullough for poisoning.

McCullough testified in having created Annabel for poisoning on the

In question. It was also mentioned in the evidence that Annabel died a cat, which was afterwards buried near the house. It went to Regina, where the contents of the stomach were analyzed, and it was found to have died from strychnine poisoning. G. Annabel and Corbett told of finding the dead cat. Mr. Charlton, of Regina, testified having analyzed the contents of the cat's stomach, which he found contained strychnine.

Messrs. Lee & Hagen, of North Dakota, who made the purchase last year of the well known McDougall ranch, have disposed of practically the whole parcel in smaller lots, and the purchasers are now arriving and taking up homesteads in the near vicinity. A new store and post office will soon be a convenience in this settlement and it is expected a saw mill will be installed before long also. Those sturdy Norwegians come well fitted and they are setting to work with vim.

Another trainload of range cattle was shipped from Olds this week for Chicago market—this time for Hunter Bros., whose ranch is south-east from here. The car shortage has been a trying ordeal for the shippers, and the cars for this shipment were only secured by the exporters collecting them personally from the States.

The Great West Lumber Co. are preparing for their winter's work on their big limit west of Olds, and the train of four horse teams started out with supplies this week. Each such trip is to be made at once before the winter's operations are begun.

With this plan and the smaller ones in the west country, the lumber country already has employment to a large number of men and their outfitting from Olds means no small amount of trade to the local merchants.

Mr. Tom L. Buckton, the editor of the Olds Gazette, is preparing for a Christmas issue of his publication. It is to be a large edition, and will contain a number of copies, profusely illustrated with the finest vignette cuts of local views.

The Olds Athletic association, after many meetings and combats with private individuals, has finally decided to build an open air stadium. The location is being secured to-day, and teams will be at work in the morning.

The selection will be with a view to having plenty of room for hockey and the usual carnival games. The organizers may look for considerable amusement this winter.

George Beatty, proprietor of the Alberta hotel, shot and instantly killed himself with a shot gun yesterday morning at 10 o'clock. The deceased was in the habit of going down into the cellar to shoot stray cats, and announced his intention of doing so yesterday morning. After the shot was fired, W. J. Baird called down to the cellar to ask if he had been successful, but though he received no reply, he did not think anything of it. It was quite possible for him not to have been heard. He came to the manager of the hotel, W. J. Coates, needed Mr. Beatty, and receiving no answer, he called down to the cellar and fell over Mr. Beatty's body at the foot of the stairs. The deceased's head was nearly blown off, and death must have been instantaneous. Mr. Beatty kept a rack gun in the cellar, and in reaching up to get one of the others he was in the habit of doing so every way. The jury brought in a verdict of accidental death. Mr. Beatty was a man of sterling worth and was respected as a most honest and upright man. He came to the country in 1882, and resided on a farm a few miles southeast of town, and afterward took over the Alberta hotel from Steve Wilson, and ran it with the late T. H. Little as partner. After Mr. Brindley's death, Mr. Beatty assumed control of the hotel. The deceased leaves a wife and three children, the oldest being thirteen. The body will be embalmed and taken to his old home in Lanesdown, Ont., for interment. He has three sisters and four brothers living.

He proposed no less than forty-one resolutions, being the total of all up to about one hundred. A resume of the work done in the past year was given, showing that the secretary, Mr. J. A. Bradley, had done a good deal of work.

Some thousands of letters to Wetaskiwin resources were distributed in the States and Canada, and special wireless were given to the C. P. E. and to the Bulletin, accompanied by books. Much information had also been given to inquirers from all quarters.
